Section 1 - Conflict Minerals Disclosure

Item 1.01 - Conflict Minerals Disclosure and Report

Mueller Water Products, Inc. ("Mueller") is furnishing this report to comply with Rule 13p-1 under the Securities Exchange Act of 1934, as amended (the "Rule"). The Rule was adopted by the Securities and Exchange Commission ("SEC") to implement reporting and disclosure requirements related to conflict minerals as directed by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010. The term "conflict mineral" is defined to include cassiterite, columbite-tantalite, gold, wolframite, and their derivatives (tin, tantalum and tungsten), unless the Secretary of State determines that additional minerals or their derivatives are financing conflict in the Democratic Republic of the Congo or an adjoining country. The Rule imposes reporting obligations on SEC registrants whose manufactured products contain conflict minerals that are necessary to the functionality or production of their products.

Conflict Minerals Disclosure.

Reasonable Country of Origin Inquiry. Individuals with primary responsibility for purchasing materials and components at each of Mueller's business units conducted in good faith a reasonable country of origin inquiry with respect to products Mueller manufactured or contracted for manufacture during calendar year 2021 (the "Reporting Period"). The scope of the inquiry included all (i) foreign suppliers and (ii) domestic suppliers from whom Mueller's primary business units purchased in excess of a minimum value threshold of materials and components during the Reporting Period. Supplier engagement included, among other efforts, delivery of (A) an introductory email requesting information concerning the presence of conflict minerals in the supplier's goods and (B) subsequent emails intended to prompt non-responsive suppliers to respond.

Determination. Based on the responses received as a result of its reasonable country of origin inquiry, Mueller has determined that, with respect to necessary conflict minerals in products Mueller manufactured or contracted for manufacture during the Reporting Period, Mueller has no reason to believe its necessary conflict minerals may have originated in the Democratic Republic of the Congo or an adjoining country.

The information discussed above is also available at www.muellerwaterproducts.com/conflictmineralsdisclosure. The website and information accessible through it are not incorporated into this specialized disclosure report.

Item 1.02 - Exhibit.
